

Great fun for young and old!

You can't always tell from the outside whether a kindergarten is right for you. You have to experience it. That's why we invite all children and parents in the neighborhood to our "open day". Here we tell you why you should definitely come...

Saturdays are a good day to explore the neighborhood. On your way you all should definitely make a stop at our daycare centers, when a party full of surprises and magical moments is waiting for you. We at globegarden will regularly open our doors and give all children in the neighborhood an unforgettable morning with great activities. And of course, parents or grandparents will also get their money's worth.

The fact that globegarden has stood for childcare with the highest standards for over ten years and that all of our employees are committed to the promotion of children from baby to preschool age with heart and soul has long since become known throughout Switzerland. Nevertheless, it is very important to us to present our special and award-winning learning and support concepts again and again and to show people who do not know us yet our pedagogical work.

Just drop by and have a good time

A very non-binding insight into globegarden's world of values, which is characterized by mutual respect, appreciation and inclusive diversity, is

available at our "Open Days", which - depending on the location of our facilities - take place on various dates on a Saturday morning. But above all, we want to have fun together, and that's why we've come up with a fantastic social program that everyone will enjoy.

Marvel, romp, laugh, learn

A lot of entertaining spectacles are waiting for our little visitors: A balloon artist will knot the funniest balloon animals, imaginative figures or crazy hats for them. Kids can have their favorite motif painted on their faces at the children's face painting event, and in the creative studios they can paint, do handicrafts and let off steam to their heart's content. Last but not least, there will be a magical clown show that will take the children into the realm of magic for an hour. Of course, the adults can also take part - or they can use the time to get to know other parents and our staff over coffee, cake and other delicious snacks.

We look forward to seeing you!

We welcome all families living in the neighborhood to our events. Feel free to bring your friends and their children and spend an unforgettable morning with us. It would be a great pleasure to meet you!
